2020 Programs Summary

10,052 children, teens, parents, caregivers, educators
SERVED through direct service + training

43,067 children, teens, adults
IMPACTED through programs + trainings

61+ Vermonters **VOLUNTEERED** 3-5 hours/week
to lead **Circle of Parents** Support Groups and **Nurturing
Parenting Programs**

All programs are research based, trauma informed, scientifically proven and measured.

PCAVT uses Results Based Accountability in setting and meeting solid performance goals.

The Effects of Covid-19 Statement

Dear Friends,

As you know, 2020 turned out to be an unprecedented year of challenges, losses and triumphs. PCAVT was impacted in all aspects of our work. PCAVT's staff, along with many able volunteers, pivoted all of our parent group meetings, classes and trainings to on-line interactive platforms.

Our Parents Helpline, 1 800 CHILDREN, nearly doubled in calls for most of 2020. We want to warmly thank everyone who helped us reach as many folks as we did, over 10,000! We wish you all a safe and healthy 2021!

For Our Children,
LJ

Linda E Johnson | Executive Director

Prevent Child Abuse Vermont promotes and supports healthy relationships within families, schools and communities to eliminate child abuse.

OUR GOALS

1. Prevent Child Abuse Vermont has the public visibility and financial stability to carry out its mission.
2. Citizens of Vermont are aware of the best ways to develop healthy children and families and to prevent child abuse and neglect in its many forms. Empower Children to be Seen and Heard by Expressing and Sharing Their Experience and Points of View.
3. In partnership with communities across the state, exceptional Family Support Programs are available throughout the state at a level adequate to meet the need.
4. All schools, early childhood providers, child-serving entities, and communities across Vermont are able to meet their obligations around child sexual abuse prevention, including those required to comply with Act 1 (2009).
5. All parents of newborns and toddlers and prospective parents receive critical information that promotes safe and healthy environments, preventing abusive head trauma and preventable infant suffocation.
